

Australian Government
Department of Education

Think about
COVID 19 and school.
Questions for students.

The Australian Government has some things
for you to think about.

We want to know about

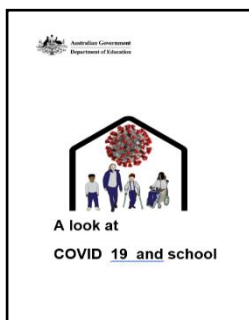

- COVID 19

and

- school children with disabilities.

We call you students.

Read **A look at COVID 19 and school.**

We want to hear from

- students with disabilities

- family
- people who care for you.

Think about these things.

Then

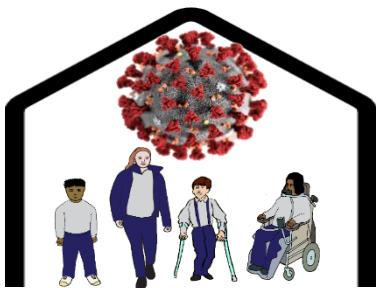

Tell us your story.

You do **not** have to talk about each thing.

Things to think about

For school and COVID 19.

How did your school help you? What was good?

How much help did you get

- from your teacher?
- from other teachers?

What about the other people who help you at school? Like

- a person who helps you read
- a person signs in class
- a therapist.

You were home with your family.

What was it like?

Did you have a place to do your school work?

Did your parents know how to help you?

Did you still learn?

Did you get school work?

Was your work in different ways? Like you had

- to learn by yourself
- do games with your family
- watch videos.

Did you have the things you need
to learn at home? Like

- a computer
- headphones
- internet.

Did you know how to use these things?

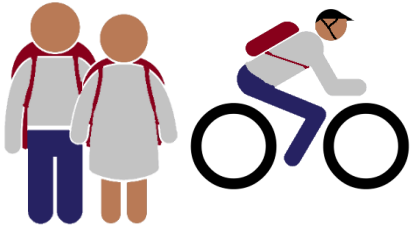

Did you get help?

Did you get help about how you felt? Like

- you were scared about COVID 19
- you worried about school.

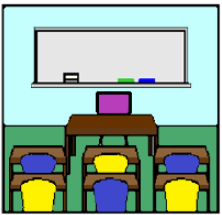

Did you have a person to talk to?

You went back to school

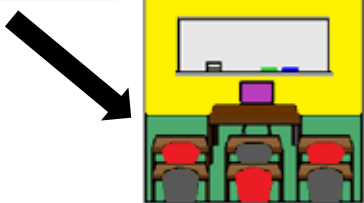

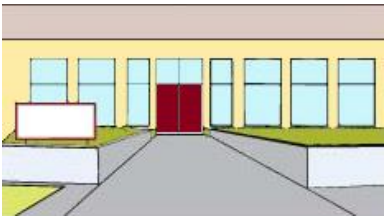

What made it hard for you?

Were you ready to move to the next year at school? Like you finish year 3.

You need to move to year 4.

Were you ready to change your school?

Like you are in year 6. You move to year 7.

It is at a different school.

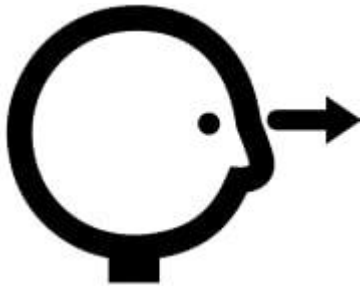

Were you ready to finish school?

Now you go to

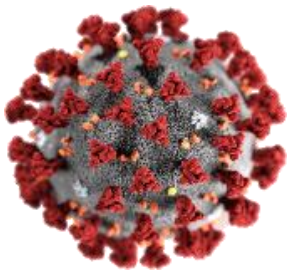

- TAFE
- a job.

What about your friends?

Schools need to shut some times

It may be for

- COVID 19

or

- bush fires

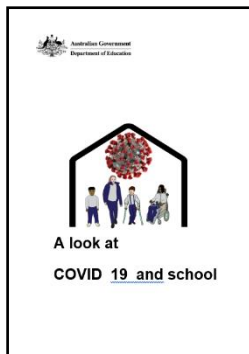

- floods.

What can schools do better?

You want to know more

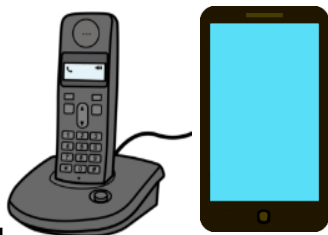

Read A look at COVID 19 and school.

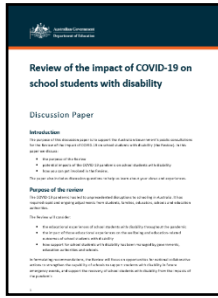

You want help to tell your story.

The Social Deck can help you.
